A THOUGHT

Many are the afflictions of the righteous; but the Lord delivereth him out of them all.—Ps. 34:19.

They, the holy ones and weakly. Who the cross of suffering bore. Field-d their pale hands so meekly. Spoke with us on earth no more!

—Longfellow.

As has been said before, people who are feeling sorry for Mr. Bryan because of the attacks upon his theories are wasting their sympathy. Mr. Bryan does not at all mind being disagreed with. In fact, he has always seemed to like it.

Now a general commissioner for the motor car industry is in prospect, holding a position somewhat like that of Will Hayes has with the movies. If the commissioner can adopt some method to cut down speed and carelessness on public highways the creation of his job will be well worth while. However, these things are in the hands of car drivers and not the manufacturers.

Cass county is soon to vote on the question of changing from the board of commissioners to the township plan, which means a supervisor for each township. The question has been voted upon several times in Morgan county. It is fortunate for this county that the commissioners in recent years have given such efficient service that there has been no suggestion of a change to the township plan.

OVERHAULING ELLIS ISLAND
The commissioner of immigration wants Congress to appropriate \$1,500,000 for the improvement of Ellis Island. He says the money would be used to enlarge the island, giving detained aliens room to exercise; to make all the buildings fireproof;

to provide additional sleeping space and individual beds, so that men would not have to sleep in tiers of bunks; to install better heating and water systems and procure better ventilation and sanitation, and to give better facilities for the work of the medical examiners.

All this is in line with the suggestions offered by Ambassador Geddes, in his celebrated and rather irritating report on conditions at the island. It is likewise in line with the reports of American investigators. The federal budget director is said to be impressed with the need of such expenditure. Congress may well be impressed, too.

Nobody wants to squander money in luxuries for aliens when this country never asked to come; but neither does any good American want the main gateway to the country in a disgraceful condition, or immigrants handled with needless discourtesy and discomfort.

CUT AND DRIED

We're well on our way to a civilization of canned food, canned music, canned drama, and canned thought. This idea is set forward by Count Hya Tolstoy, son of the Russian writer.

Well, yes. We buy food canned in a tin, music canned in the phonograph and radio and drama canned in movie form so half a dozen shows can be carried around in a suitcase full of film reels.

The idea, that our thoughts also are reaching us in canned form, is true though few of us ever sized it up that way. Propagandists, of course, are the chief canners. One consolation is that a variety of cans of thought are handed to us and we can take our pick.

Is it a good thing that our thoughts are reaching us in canned form? Why not? It's merely a process of delegating our thinking to an endless procession of experts.

The man who thinks entirely for himself is a mental Jack-of-all-trades and a master of none. Each question that comes up, he concentrates on as if it were the most important thing in the universe. Waste of time.

Say there's going to be an eclipse of the sun. Do you waste time trying to figure out why? Certainly not. You want an astronomer to do this bit of thinking for you. He does. Newspaper is your agent or medium of exchange.

When the astronomer's auto breaks down, he turns it over to a garage mechanic instead of trying to figure it out himself. Billions of different things I think about in our world. Tendency is for each person to single out the line of thinking that interests him most—and concentrate on it, become an expert at others.

BERTON BRALEY'S DAILY POEM

LOVE OR LIVER

BY BERTON BRALEY

*(The seat of the emotions is in the liver)—Some doctor or other.)

GEE WHIZ, how science does advance! Today, it seems, by diagnosis Our fever from a lady's glance May be incipient cirrhosis. The chills and thrills that we receive, The doubts and qualms that make us quiver, Our doctors teach us to believe They may be love—they may be liver!

WHEN Dante, long ago, was led To sing to Beatrice his lyrics (Which are much praised but seldom read) Perhaps some medical empirics Would so have altered Dante's mood That he'd have ceased to shake and shiver When lovely Beatrice he viewed? What was his ailment, love—or liver?

HELEN and Paris, Guinevere And Launcelot, and all great lovers May have been merely out of gear Inside—as science now discovers! Well, maybe so, but we don't care Not one scintilla, not a stiver, Romance remains a sweet affair Whether it's due to love—or liver!

HUNDREDS AT HUNT FUNERAL YESTERDAY

Rev. Pontius Delivers Message to Young Men—High School Students Pack Church.

"Young man, I say unto you, Arise." These words formed the central thought of a message of hope delivered yesterday afternoon by Rev. M. L. Pontius before an audience of high school students and citizens attending the funeral of Palmer Hunt. The audience packed the Central Christian church main floor to gallery. The high school students attended the service in a body, and hundreds of citizens and friends of the departed youth were present.

Rev. Pontius said in part: "Can we explain the silence in this room, these beautiful flowers, the presence of this audience? In some way it all signifies that we are conscious of God. No human artist can paint in the way God has painted these flowers. They are his thoughts, and their presence here indicates the high esteem in which Palmer Hunt was held by all who knew him.

"I would not charge this death to an arbitrary act of God. Anyone who adopts that outworn theology can obtain little comfort in this hour. If I believed in a God who by an arbitrary act would take a young man like Palmer I could not stand in the pulpit and preach the Gospel.

"Again, I would not charge this death to high school athletics. I would not do that, until I had talked with the physicians and the members of the family, and others, who might know more of the case. The body of Palmer Hunt was overcome with disease, but his soul was not affected. Often during the last days, the seemed to be a struggle of the soul to overcome the disease of the body, but the body became unfit as a dwelling place for the soul, and it returned to God.

"The greatest thing in this world is man, and the greatest thing in man is his character. Palmer had a strong character. He played the game square on the athletic field, and from all that I can learn from those who knew him, he played the game of life in the same way. Character is the only thing which a man can take with him beyond the grave.

"I would bring you a message from the words of One who never wrote a book, never formulated a philosophy, never amassed wealth, and who lived only thirty-three years upon the earth; yet it is in the hope of his Gospel that we must find comfort today in this hour. I do not see how anyone who has not hope that Christianity can give, can contemplate death and retain his reason. One day Jesus saw a funeral procession. Behind the bier followed a single mourner, a widow. Jesus stopped the procession and said to the one on the bier, 'Young man, I say unto you, Arise.'

"I say unto you arise to the heights of Christian manhood. Palmer, in his brief life, probably did more and lived more intensely than many who have reached the three score and ten mark. He arose to the heights of Christian manhood and attained a character which is a worthy example to others.

"I say unto you, arise to the height of Christian service. It is not enough simply to have manhood, but that quality must be expressed in true service to others. Again, I say unto you, arise to the height of immortality. Palmer Hunt is not here in this body. We recall at thought of the grave, but the loved one is not there. Palmer did not die; he only left this tenement for a larger, freer life. Arise to the height of Christian manhood, the true expression of character; arise to the height of Christian service, to give form and substance to that character in active life; arise to the height of immortality, the fruit of manhood and service, the freedom of the soul for a greater life in the future."

The remains were removed to the church yesterday morning, and until the time of the funeral, friends of the departed young man passed the casket in almost a steady stream. Services were held at 2:30 o'clock, in charge of Rev. Pontius, assisted by Rev. G. W. Randle, who offered prayer and read by request the poem by Walt Whitman in tribute to Lincoln, "Captain, My Captain."

Two solos, "A Perfect Day" and "Beautiful Isle of Somewhere" were rendered by Miss Enda Hackett, with Miss Ruth Bradley at the organ. There were many elaborate tributes of flowers. The high school football team of 1923 was represented by a beautiful floral piece, "Gates Ajar," with the words "Our Captain," above the gate. Many individuals and organization also sent tributes.

The ladies in charge of the flowers were Mrs. T. V. Hopper, Mrs. Alfred Eades, Misses Maude Eva Hackett, Irene Smith, Ethel Cornick, Grace Tilton, Elizabeth Goodale, Margaret Fay Hopper, Dorothy Randle, Margaret Williamson, Margaret Capps, Lucile Harber, Faye Carroll, Mildred Emmons, Eunice Clark and Eleanor Andre.

The honorary pallbearers were Coach J. L. Mitchell, members of the high school football squad, and the following close friends of the deceased: Harold Hunter, Russell Deatherage, John Putnam, Reginald Reid, John Hackett, Jr., Lee Henry Goebel and Albert Arter. The active bearers were Charles Hopper, Eugene Darr, Harold Hopper, Richard Arnold, Ralph Corbridge and Kenneth Curtis. Interment was in Diamond Grove cemetery.

ALL DAY PROGRAM AT EBENEZER CHURCH

Homecoming Celebration Drew Large Audience and Interesting Program Was Carried Out During the Day.

The homecoming celebration at Ebenezer church Sunday was a success in every particular, the weather being propitious and the attendance as a result large. Promptly at the appointed hour the members and their guests began to arrive, bringing baskets of good things for the dinner.

A committee in the kitchen took charge of the baskets and prepared for the dinner which was served at noon. It was the opinion of all those present that a better prepared or more bountiful dinner could not have been served.

Sunday school was held at the regular hour and after a brief intermission the preaching service began. At this time the following program was carried out, with Mrs. Helen Masters Ford at the piano.

Opening hymn, "Faith of Our Fathers"—Congregation.

Responsive reading from the Psalter.

Prayer—Rev. W. H. McGhee, a former pastor.

Instrumental solo—Ross Bracewell.

Sermon—Rev. F. E. Bracewell, the pastor.

Vocal solo—Fred Masters.

Benediction—Rev. Mr. McGhee.

The afternoon program began at 2 o'clock with C. A. Rowe as chairman. Rev. Mr. McGhee was the first speaker and in a serious vein referred to the years when he was pastor of the church and alluded to persons and events of that far away time.

A quartet composed of Messrs. Williamson, Waltman, Denny and Gayette next rendered two selections and Mrs. Stella Mahon gave a vocal solo. Brief talks were made by Mrs. Edith Richardson of the Point church and W. B. Lowery of Jacksonville. The program was concluded by congregational singing, led by Frank Masters, a former resident of the community and who for many years was choir leader at Ebenezer church.

Taken as a whole the day was one which all present will long remember and from which it is hoped that lasting good will result.

"A Chapter In Her Life"

Here is the story of a girl written by a woman, directed by a woman, and portrayed by a girl. Nothing so true to life has ever been on the screen before. The innermost secrets of a girl's soul laid bare.

The great novel which forms the basis of this picture becomes a living, breathing reality under the sure deft direction of Lois Weber. She has guided the seething cross currents of its surging passions and quivering desires to their triumphant denouement, making it a bit of life itself.

"He is rich; you'll do as I say and marry him, or get out!" How many girls have to make such a choice between love and wealth? How many of them have the courage of their convictions to stand by what is right? Is love worth fighting for; can love and happiness be bought for gold?

S. S. CONVENTION CLOSES AT DUBURIN

Annual Morgan County Convention Came to Close Sunday Evening—Election of Officers Held

The Morgan County Sunday School association held the final session of its annual convention at Duburin M. E. church Sunday evening. At this time the address was made by Rev. W. E. Spoons of this city. Motion pictures preceded the address, one of the films shown being of the Printers Tuberculosis sanatorium at Colorado Springs, Colo., and the other of the Christian Sunday school at Canton, Ohio.

There were special programs both morning and afternoon, the business session being held in the late afternoon. The election of officers resulted in the choice of the following:

President—Fred Scholfield.
Northwest Vice President—Calvin Rice.

Northeast Vice President—Arthur Swain.

Southwest Vice President—J. K. Cunningham.

Southeast Vice President—B. F. Rawlings.

Secretary—C. L. DePew.

Treasurer—W. J. Hauck.

Business Superintendent—Dr. W. E. Crum.

Children's Division Superintendent—Mrs. John Guy.

Young People's Division Superintendent—Mrs. Samuel Darley.

Adult Division Superintendent—Rev. A. P. Howells.

Administration Division Superintendent—W. H. Crum.

Education Division Superintendent—Rev. W. E. Spoons.

The main addresses in the afternoon were given by Rev. A. P. Howells of this city, whose theme was "Men in Action," and by Rev. W. E. Johnson who spoke of "Evangelism." Rev. Mr. Spoons

also spoke briefly of the recently organized Christian Men's club of the county, and Dr. F. M. Rule presented some facts with reference to the Morgan county tuberculosis sanatorium.

At the business session Mrs. A. E. Powell presented her report as superintendent of the Children's Division, as did Wilbur Hauck as county treasurer. The latter report showed that \$455.86 had been raised in the county for Sunday school purposes during the past year and that a balance of \$59.85 remains in the treasury.

In the secretary's report were embodied reports from every Sunday school in the county, and the following interesting facts were embodied with reference to the Sunday schools of the county:

1,020 officers and teachers.

805 total enrollment.

4,966 average attendance.

636 cradle roll members.

526 home department members.

39 young people's class organizations.

50 adult class organizations.

81 teacher training students.

270 added to the church from the Sunday school during the year.

The county vice president, Calvin E. Rice, reported that he has visited every school in the county with one exception, and that all are in gratifying condition. W. E. Crum, the county business superintendent, also made a good report for the year.

A county institute for Sunday school workers is to be held at Northminster church in this city Nov. 21 and 22. At this time six international and state workers will be in attendance and will have much that is worth while to impart to those who attend.

The following resolution was adopted at the closing session of the convention:

The following resolution was adopted by the convention at the closing session:

I. We, the committee on recommendations for the Morgan County Sunday School Association, most heartily commend the new President of the United States in his attempt to get in close touch to the various people of the states through their governors to the end that the whole machinery of law enforcement shall be brought to bear in upholding the constitution of the United States in the enforcement of its laws, and especially in connection with the Eighteenth Amendment.

II. We would commend the vigilance of our County Officers in law enforcement and would support them in every effort to maintain law and order.

III. We would recommend and urge the attendance of all Sunday School workers at the first meeting of the Men's Federated Church Club of Morgan County at the Northminster Church, October 29, at 6:30 p. m.

IV. We further recommend a full attendance of the Sunday School workers of the County at the State Sunday School Institute at the Northminster church, at Jacksonville, November 21 and 22.

V. We recommend the annual County Sunday School Convention be held earlier in the year and that one hundred dollars be set aside to finance the program.

VI. We, as individuals, after years of observation, deplore the fact that there is a marked falling off of attendance when boys and girls reach the teen age; and as a remedy would recommend a more careful selection of teachers, a better preparation of teachers, a more careful selection of material, in connection with Bible study, and perhaps more important than all else, would be the erection of the old time family altar in every Christian home.

VII. Among the most splendid educational influences for all the people we most heartily commend the Jacksonville Chautauqua. We would stress the importance of maintaining the high moral and religious standard that has been raised for this institution, and to this end, we should combine our efforts to eliminate from the Chautauqua grounds and adjacent territory the public dance and kindred amusements that are opposed by the 8,000 Sunday school and church people of the county, who are convinced that the evil effects emanating therefrom can in no way be overcome in any profits that may accrue to the management of the Park Board.

Respectfully submitted,
Arthur Swain,
Chairman.

SPECIAL PROGRAM AT BETHEL CHURCH

Fifty Third Anniversary of Rev. J. W. Kirk's Connection With The Sunday School Observed.

Sunday was surely a red letter day in the life of Rev. John W. Kirk, superintendent of Bethel A. M. E. Sunday School and faithful supporter of the worthy pastor, Rev. R. H. Hackley. It was Mr. Kirk's 53rd anniversary in the school and he celebrated the event with a program to which he invited a number of friends and the church was completely filled with them and members of the church and school. The first number was a processional, the vested choir and members of the school marching into the church from the community rooms singing "Onward Christian Soldiers." The music throughout by the church choir, the junior choir and several special numbers by children and others was excellent.

Rev. H. H. DeWitte, pastor of the Second Baptist church, offered prayer and Rev. R. H. Hackley read the scripture lesson. Mr. Kirk then welcomed the audience in an earnest address and after music, specially welcomed the veterans, Capt. W. A. Kirby and S. W. Nichols of the Civil War and G. W. Cooper of the Spanish-American conflict. A flag was dramatically held over them by two boys and the old men were assigned special seats of honor.

Mr. Kirk then said there was present the man who had been in charge of the school several years when he entered it and had had something to do with his career in the school and elsewhere and he called on S. W. Nichols for remarks. G. W. Cooper next told of his experience in the Spanish-American war; Wilbur Reed, grandson of Mr. Kirk favored the audience with a fine violin solo, his mother accompanying.

Mrs. Laura Lafayette, superintendent of the Second Baptist school read a paper of friendly greeting and appreciation and Dr. Kennibrew made a forceful address mentioning in the fact that Mr. Kirk had served under thirteen bishops and twenty-four pastors. Pastor Hackley told of the good work of his faithful Sunday school superintendent and Rev. G. W. Randall, pastor of Brooklyn church spoke briefly.

Hon. H. H. Bancroft told in his usual eloquent manner of the good accomplished by Mr. Kirk and the church also.

A collection of \$18.20 was taken for the benefit of the school, one thing being needed, the chairs for the little folks. The school presented Mr. Kirk \$2.50 and a friend \$2.00. J. W. Zell, Jr., a little toddler when Mr. Kirk first entered the employ of the young man's father, 22 years ago, gave him a fine pair of gloves and Mrs. W. A. Jenkinson a handsome bouquet.

The benediction by Rev. H. H. DeWitte ended the exercises.

MORTALITY RATE HAS GREATLY INCREASED

SPRINGFIELD, Ill., Oct. 29.—During the period that the Illinois Tuberculosis Association has been in existence the mortality rate has decreased fifty per cent and is gradually going down," was the statement made today by Dr. George Thomas Palmer, president of the association at the fourteenth annual meeting held in this city. The war on tuberculosis has been the greatest in the history of preventive medicine, according to Dr. Palmer.

Tonight at a banquet Dr. Palmer was given a loving cup by members of the association. With the exception of one year when Dr. W. A. Evans of Chicago headed the association, Dr. Palmer has been its president.

At a meeting to be held officers for the coming year will be elected.

CARS OF DYNAMITE HIT FREIGHT TRAIN

JOPLIN, Mo., Oct. 29.—Three freight cars loaded with dynamite and running wild crashed into the front end of a St. Louis-San Francisco passenger train near Carl Junction, Mo., northwest of here late today without exploding. The explosive cars sent the engine of the passenger train into the ditch and piled over it. Fire from the locomotive ignited two of the dynamite cars endangering the lives of passengers. The passenger train was not derailed, however, and it was hauled out of danger. No injuries were reported.

DYNAMITE IS FOUND NEAR CHICAGO LOOP

Chicago, Oct. 29.—Fifteen pounds of dynamite in an iron casing declared by police to be the largest single bomb ever found in Chicago were discovered today in the rear of a newly constructed building just outside the loop business district. No labor trouble had been reported during the construction of the building.

Sergeant McDonough who had it analyzed at the laboratory said it was enough to wreck several buildings in the neighborhood.

London, Oct. 29.—General von Mueller, commander of the reichswehr has prohibited the assembly of Saxony from sitting tomorrow, says a Central News despatch from Berlin this afternoon. This action prevents the members from taking any measures under the protection of the parliamentary immunity act.

MANY CHILDREN NEED BETTER DIET HABITS

Estimates That 100,000 Boys and Girls of State Eat Wrong Food or Not Enough of Right Kind

SPRINGFIELD, Ill. (By the A. P.)—More fruit, more leafy vegetables and more dairy products, are necessary in the diet of Illinois school children, and less of white bread, meat, potatoes and beans and peas, according to Dr. Isaac D. Rawlings, state director of public health, who has estimated that 100,000 of the state's school boys and girls, either eat food they shouldn't or don't eat enough of the right kind.

"Lack of a balanced diet," Dr. Rawlings believes, "does not result so much from poverty as from bad choice of food stuffs. Better diet habits for school children will result in better teeth, more weight for those who are underweight, correct posture, better nerves and better development all around."

"Appetite and instinct are completely trustworthy in the choice of a balanced diet. Even so lowly an animal as the mouse will get into extreme nutritional difficulties when his appetite is permitted to become the sole judge of his diet. The common observation of fat people is a perpetual evidence that appetite alone leads one astray in matters of diet because it is a well known medical fact that overweight is deleterious to health and that too much eating results in too much fat."

"To the standpoint believer in the theory that what was good enough for our ancestors is good enough for us, it is pointed out that the diet of the American people today is radically different from what it was 100 years ago. Sugar consumption has jumped from 11 to 90 pounds per capita per year. White bread consumption has increased at about the same rate while at the same time the modern manufacture of flour eliminates the wheat kernel and the bran, two important food constituents. Other changes are equally noticeable, caused principally by the development of transportation."

"To prevent malnutrition in a practical way the daily diet needs to be so planned as to increase the per capita consumption of dairy products, leafy vegetables and fruits with a corresponding decrease in such things as white bread, meat, potatoes, beans, peas, etc."

HOT CEREALS

The e is no breakfast dish that "sticks to the ribs" quite like a good hot cereal with cream.

The ready-to-eat cereals are all very well with fruit, sugar and cream on a warm summer morning, but when there's a nip in the air a dish of steaming oatmeal porridge or mush is needed to make a hearty breakfast.

There is no more nourishing, muscle building food at so reasonable a price possible to serve. The grains themselves are composed chiefly of starch and carbohydrates with some water and mineral content. Wheat and oats contain some protein. The cream or milk furnishes fat and protein, making the whole dish a nearly perfect food.

There are one or two points worth remembering when cooking cereals.

First, always cook them in boiling water. This means rapidly bubbling water, not just steaming or bubbling on the bottom of the pan.

Second, add salt to the water before adding the cereal. Third, all raw cereals must be well cooked. An hour or longer is required no matter what the directions on the box suggest. Only by the long slow cooking of grains is their sweetness and digestibility fully developed. A double boiler is excellent for this purpose.

Sift the cereal to be cooked into three times its bulk of boiling water. Allow one teaspoon salt to three cups of water. Cook directly over the heat, stirring to prevent lumping for 10 or 15 minutes. Then put into boiling water in the bottom of the boiler and cook for half an hour or longer.

The cereal should be covered tightly. Fill up water pan with boiling water and let stand overnight. In the morning reheat and serve. The heat of the cereal and

the boiling water continue the cooking process after the fire is extinguished.

Any left-over cereal can be used in puddings or cut in thin slices and fried.

If you have a double boiler or fireless cooker try baking the oatmeal the night before.

Bakes Oatmeal.

One cup coarse oatmeal (not rolled oats) 4 cups rapidly boiling water, 1 teaspoon salt.

Slowly stir the cereal into the salted water. Cook 15 minutes. Turn into a buttered pudding dish and bake in a moderate oven for two hours. In the morning put the dish in a large pan of warm water, bring to the boiling point and keep simmering until thoroughly hot. The length of time required will, of course, depend on the shape and size of the dish.

Old-fashioned oatmeal requires more water than rolled oats.

Do you ever add raisins or dates to the breakfast cereal? They contribute both to the nourishment and palatableness of the dish.

Oatmeal porridge is a change and is especially good for children.

Oatmeal Porridge.

One cup rolled oats, 3 cups boiling water, 1 teaspoon salt, 1 cup milk, 1-4 cup stoned and chopped dates or raisins.

Cook oats as suggested in double boiler. Rub through a sieve. In the morning add milk heated to the boiling point. Do not allow milk to boil. Cook over boiling water, stirring vigorously until perfectly blended. Add chopped fruit and serve with thin cream.

The long cooking of oats brings out their natural sweetness and the addition of the sweet fruit makes added sugar unnecessary. (Copyright, 1923, NEA Service Inc.)

EXPERT TO HELP HAITIAN FARMERS

PORT-AU-PRINCE, Haiti. (By the A. P.)—Dr. George F. Freeman, recently of the staff of the Texas Agricultural College and Experiment Station, has begun the formation of a technical bureau here, under the Department of Agriculture, to further the economic development of the island. Dr. Freeman's mission is not only the vocational instruction, but also the professional education of the Haitian people along agricultural development lines.

Both the Haitian people and the foreign colonies regard the addition of this agricultural expert to the corps of American experts in the island as a significant contribution to Haiti's growing commercial activities.

Resumption of payments on claims held back for several months will be resumed shortly after, he said.

A CORRECTION

The Journal of last Friday morning carried a story of the wrecking of the large moving van belonging to the Jacksonville Transfer and Storage company at a point in Missouri, which, although at the time seemed to have been greatly exaggerated.

The van returned to Jacksonville under its own power Sunday afternoon and aside from being slightly racked was in a fair condition. The household goods which had been carefully and solidly packed arrived at destination without even the glassware being broken. The fact that the load was properly and tightly packed explains the light damage done to van and contents.

MEN'S CHURCH CLUB IN FIRST MEETING

Three Principal Speakers on Program at Northminster Church—Go down Announces Committee

Ninety-four men were present last evening at the first regular meeting of the Men's Federated Church club of Morgan county, which was held at Northminster church. There are now about a hundred and twenty members in the organization, several having joined at the meeting last night.

The ladies of the church served an excellent supper in cafeteria style, following which the president, Carl O. Gordon, called the meeting to order. He introduced W. A. Berryman, who led in two songs, one of which was a new one entitled "Just Be Glad."

The first speaker was Rev. W. R. Johnson, who spoke on the subject of "General Co-operation." He prophesied that the church club movement as started in Jacksonville, would some day become nation-wide, thru the willingness of Christian men to help each other, which is the meaning of general co-operation.

The next speaker was the vice president of the club, John J. Reeve, who emphasized the idea of service and law enforcement. The last speaker was Mayor E. E. Crabtree, who praised the club as a real and beneficial movement for the city and county. He estimated as enormous the influence which such an organization would have in the city if it could obtain a thousand members, a number which he believed within the realm of possibility.

Committees Appointed
President Gordon announced for the first time the full list of committees, the members of which have been selected by the executive committee, as follows:

FORMER MORGAN CO. MAN DIES IN ENGLAND

Thomas Cockerell, Former Resident of Lynnvile Neighborhood Passed Away in Scarborough, England.

Mrs. J. W. Lazenby of this county has received word of the recent death of Thomas Cockerell at his home in Scarborough, England. The deceased formerly lived in the Lynnvile neighborhood and has a number of friends in Morgan county, all of whom will regret to learn of his death.

Mr. Cockerell was born in England but came to this country at an early age. During his residence in Morgan county he was an active worker in the M. E. church and was held in high esteem by all who knew him. From this county the family moved to Champaign county and still later Mr. Cockerell and his wife took up their residence in Scarborough, England.

V. R. Riley of this city visited at the home of the deceased two years ago while on a tour of Europe, and yesterday recalled the fact that Mr. Cockerell was a remarkably well preserved man despite his eighty odd years.

ROBERT HEMBROUGH BURNED BY POWDER

Injured in Explosion Caused by Emory Spark—Was Visiting Brother at Greenfield

Robert Hembrough, residing southeast of the city, was brought to Passavant hospital late Saturday night from Greenfield, where he was injured while visiting his brother, Clyde Hembrough. He was painfully burned about the face and eyes by exploding powder.

The brothers had been removing the powder from some gun shells and had left it exposed near an emory wheel in the workshop. When Robert Hembrough started the emory and placed a file on the stone, the sparks flew into the powder, igniting it. The resulting explosion sent the flames in every direction, and young Hembrough's face and eyes were badly burned. His brows and lashes were singed.

He was brought to the hospital here as soon as possible and given medical attention. His sight was found to be unimpaired, and his injuries are not considered serious.

MISS IDA EVANS IN RECITAL AT I. W. C.

Director of Department of Public Speaking Heard in Interpretative Recital Monday Evening.

Miss Ida Bell Davis, director of the department of Public Speaking at Illinois Woman's College, is heard in an interpretative recital of great value Monday evening. Miss Davis always brings to her work a fine sincerity of presentation and a real understanding of the content of her selection.

Her program was made still more enjoyable by the musical setting most sympathetically supplied by Miss Kirby of the faculty of the College of Music.

Miss Davis chose for her recital Longfellow's "Hiawatha" and she brought to this bit of folk-lore an unusually keen appreciation of its rhythmic beauties, as well as a particularly sympathetic attitude towards the heroic character of Hiawatha in his various experiences. The characterization is an especially difficult one, for it needs to be conceived of not only as the experience of an individual but of a nation as well. This Miss Davis did establish with real artistry.

The musical setting arranged by Saldie K. Coe increased this strong note of nationalism and by

SHOOTING OF FARMER REMAINS A MYSTERY

George VanGundy in Serious Condition at Hospital as Result of Bullet in Brain—Shot Fired Thru Window.

Who shot and seriously wounded George VanGundy, wealthy farmer of the Chapin neighborhood, as he sat listening to his radio Sunday evening? This is the question which is puzzling county officers and physicians and residents of the Chapin community. Mr. VanGundy lies in Passavant hospital in a serious condition with a bullet wound in his head. The bullet entered the right temple, lodging in the brain a little to the left of the center of the forehead. It was located yesterday by X-Ray and extracted by Dr. Carl E. Black. The ball was in several pieces which when put together, indicated that it was probably a 22 caliber bullet.

Early Sunday evening Roy VanGundy, son of the aged farmer, tuned in the radio for his father so that he could listen to a sermon being broadcasted from Davenport. The son then went to call on some neighbors at some distance from the VanGundy home, which is located four miles southeast of Chapin. He had not been but a few moments at the home of his friends when he received a telephone message from his father saying that he had received a severe shock from the radio and was hurt. He wanted his son to come home.

When Roy VanGundy reached his home, he found his father in bed. Blood stains were everywhere, and two handkerchiefs, with which the old man had bathed his wounded head, were soaked with blood. The son found a small hole in his father's head, and wanted to call a doctor. The father refused, saying that he was not seriously hurt and would be all right. Thinking that his father had fallen in one of his frequent fainting spells and had hurt his head on the corner of the radio table, the son retired.

Called Aid at Midnight

About midnight Roy VanGundy heard his father stirring in his room and apparently in a nauseated condition. He now became alarmed and called Dr. Evans of Bluffs, who came immediately. He examined Mr. VanGundy's wound and said it had not been caused by a fall. He and Roy VanGundy then went into the room where the radio was to seek for another cause of the wound. They soon discovered a small hole in the glass of a window to the right of where the old man had been sitting at the radio.

Mr. VanGundy was removed to Passavant hospital here. Final reports last night gave his condition as serious, though he appeared to be resting comfortably. He was conscious, but had said little as to the shooting.

Sheriff Wright's forces went to the scene of the shooting yesterday morning. Blood hounds were brought from Decatur. They took up the scent at the corner of an outside chimney, which is on a line with the window and the chair at the radio table. The hounds went to the rear of the house, and in thru the back door. They then went back the way they had come, and followed the walk around the house and along the front walk to the gate. They went from the gate to the middle of the road. Here they apparently lost the scent.

Officers and physicians have concluded from evidence thus far collected that whoever shot Mr. VanGundy must have used a 22 caliber rifle or revolver and fired from the corner of the chimney thru the window. Sheriff Wright stated late last night that no new clues had been discovered, and that there was as yet no evidence to warrant official conclusions or arrests.

YOUTHS JAILED ON BURGLARY WARRANT

Colored Lads Run Down by Police and Nabbed for Theft of Candy from Gilbert Store

Edward "Jack" Blue and Edward Greenup, both colored, are now confined in the county jail on charge of burglary and larceny filed against them by M. E. Gilbert. On last Thursday evening, Mr. Gilbert's store on West State street was robbed of about 25 pounds of candy. The matter was reported to police, who began a quiet search for the burglars.

It was not long before large quantities of candy began to appear mysteriously among the colored people in the north part of the city. Police learned that Jack Blue had been giving some candy away and arrested him on suspicion Saturday. They went to his home and found two boxes of candy hidden in his coat. On being questioned, Blue denied any knowledge of where the candy had been found, saying he had received it from a white boy, whom he did not know.

Police later arrested Edward Woodson, who had been giving away candy. He refused to talk. The two boys were held in the police station over Sunday, and yesterday morning a third lad, Edward Greenup, was arrested by the police.

Upon being grilled by the officers, Greenup broke down and confessed that he and Blue had burglarized the Gilbert store and had taken the candy. Woodson was released and Mr. Gilbert swore out warrants before Judge Opperman for Blue and Greenup. They waived preliminary hearing and failed to give the required bond of \$500.

VANDALS DAMAGE LOCAL RESIDENCE

Sometime during the hour of church services Sunday evening, the home of Mr. and Mrs. J. S. Davis, colored, 137 Richards street, was visited by persons evidently bent on malicious mischief. The house was entered thru a window in the back kitchen, the intruders unfastening the window after they had broken out a pane of glass.

In the bedroom the visitors threw eggs in every direction ruining a white bed spread and damaging clothing in a closet. This clothes closet was ransacked and the garments and other contents strewn about the bed room. Apparently the intruders had no motive of robbery, as nothing of value was missing from the house. An old silver watch and an old revolver, both of which were practically worthless, were the only articles discovered missing.

Mr. and Mrs. Davis found the house in the above condition upon their return from church. They notified the police, who went to the scene of damage. The victims of the crime are at a loss to know who their persecutors can be, as they say they have no enemies.

M. E. MISSIONARY SOCIETY TO MEET

MASQUERADE DANCE HALLOWEEN NIGHT AUTO INN—BY AMERICAN LEGION

THE VOTER OF 1924 THEME OF ADDRESS

Mrs. W. W. Ramsey of Chicago Spoke at Meeting of League of Women Voters—Tuberculosis Sanatorium Endorsed

The Morgan county branch of the Illinois League of Women Voters held its October meeting at 3 o'clock Monday afternoon at Academy hall with a large attendance. Dr. Grace Dewey, president, was in the chair with Miss Anderson as secretary. The minutes of the former meeting were read and approved.

Dr. Dewey then announced that the candidates for county commissioners had been invited to be present and talk to the league. Mr. Osborne the only candidate present was called upon and addressed the league. Dr. Woltman was present to talk on the favorable side of the questions of the sanatorium. It was greatly regretted by the league that the opposite side of the question was not presented, but a number had been invited, but seemed not to desire to go on public record as wishing the institution discontinued.

The vote was unanimously in favor of endorsing the tuberculosis campaign committee for the retention of the sanatorium.

The speaker of the afternoon was Mrs. W. W. Ramsey of Chicago, who gave a splendid address on "The Voter of 1924." Not only was the talk interesting and entertaining, but instructive.

She explained that while the women had the franchise for the past presidential election, so many of them were appalled by the duties and simply did not vote, and that the election of 1924 would see the debut of many women voters. Women are beginning to ask about taxation, how much, what it means, and what it is being spent for. She impressed upon her hearers the importance of entering into some party as the only way one could function, saying "a man without a party is as bad as a man without a country."

The method of choosing candidates was explained in minute detail by use of a drawing showing the importance of choosing good precinct committeemen, and while they are at the lower part of the big ballot at presidential elections, there is a direct connection between them and the presidential electors.

Morgan county is one of the few counties having a precinct committee woman, Mrs. Will L. Alexander, whose appointment term of the late W. L. Alexander. She spoke of the defeat of the bill known in the legislature as the 50-50 bill, which provided for women to be named on a 50-50 basis with men on the county organizations, and which passed the house and the senate but was vetoed by the governor. The duties and power of the precinct committeemen was pointed out, and their importance to the parties and to the people.

At the conclusion of the address, Mrs. Ramsey very graciously answered many questions put by the interested audience.

Dr. Dewey called attention to the fact that in 14 counties in the state there are more women than men, eligible to voting, and Morgan county has between 600 and 700 more eligible women voters than men voters. At last presidential election the men of the county polled a vote of 73 per cent and the women 50 per cent. It is the hope of the league that a large per cent of the women will vote at this election, and has requested all women to make a special effort to be at the polls Nov. 6.

TROOP FIVE SCOUTS ENJOY GOOD TIME

The boys of Boy Scout Troop No. 5 enjoyed a supper and general good time in the basement of the Centenary M. E. church, the affair being given under the direction of Rev. C. D. Robertson, pastor of the church, with the Scout committee of the church, A. C. Metcalf and T. B. Reeve as guests.

Burgoo soup, hot chocolate and apple pie a-la-mode were both prepared and served by the scouts themselves. During the evening Rev. W. H. Marbach delivered an address full of interest to the boys and after the supper, games were enjoyed.

The chiefs of the evening were Merle Martin and Tracy Cowgur. Lee Baldwin had charge of the evening's program, and Lewis Gard was chairman of general arrangements.

TO ADDRESS WOMAN'S CLUB FEDERATION

Mrs. W. W. Ramsey after spending several days as a guest at the home of Mrs. Milligan and Dewey leaves this morning for Roodhouse, where she will appear on the program of the 20th District Federation of Women's Clubs. She will return to her home in Chicago Tuesday night. Mrs. Ramsey has been on two Jacksonville programs Saturday and Monday, and has made many friends while here, and renewed acquaintances made during the Chautauqua, when she filled a lecture program on Citizenship.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Jacksonville case:

Wm. H. Pollock, 133 E. Walcott St., says: "I had a dull ache through the small of my back. My kidneys acted too freely and the kidney secretions were of a reddish color and contained sediment. I surely felt out of fix all over. I sometimes had dizzy spells when things seemed blurred and I had to sit down until they passed. I used Doan's Kidney Pills and it was not long until they relieved all this trouble. I felt much better after a few and was cured after using several boxes."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pollock had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

THE REFEREE (By Albert Apple)

Indecent. Indecency on the stage is increasing, claims a New York official of the Society for the Suppression of Vice.

If so, it mirrors the condition of part of the public that attends theaters. People betray their real natures in the amusements they seek with full previous knowledge of the nature of the amusement. Occasionally they get worse than they bargain for, but you don't notice many leaving the theater as a protest against the objectionable.

Speed.

A new system of rapid writing is being adopted by many business firms. It's called "Brief English" by Emma B. Dearborne, who invented it. The idea seems to be to write things as they sound when spoken quickly. For instance, "Sutler held for murder" would be written: "Sutr ld fr mdr."

The penalty of all kinds of fast writing is that they encourage fast thinking. Few rapid thinkers are thorough or accurate.

Sleep.

A child of 4 requires 12 hours' sleep. Ages 5 to 7 need 11 to 12 hours. Ages 8 to 11 need 10 to 11 hours. Ages 12 to 14 need 9 to 10 hours. These figures are quoted in a government circular dealing with children's health.

If a child isn't gaining weight or doing well in school, the reason often is insufficient sleep. Inci-

dentally, the stupidity of dullness of many grownups is merely a reflection of cellular exhaustion resulting from not enough sleep.

Thirteen.

Should the calendar be changed so we'd have 13 months of 28 days apiece, with a "leap day" at the end of each year? A scheme like this is being advocated by the International Fixed Calendar League, members of which are busy all over the world.

They have a hard nut to crack. Their calendar, in addition to 13 months, would have a Friday the thirteenth every month. Nineteen-tenths of people are still too superstitious to take kindly to such an epidemic of thirteenthens. Ask the hotel clerk who has tried to rent room 13.

Ford.

Ford will turn out his nine month car about the end of the year. We wonder what he'd have said to a fortune teller who might have predicted this, back yonder in the days when Henry was wearing greasy overalls in his bicycle repair shop.

Never lose heart. Think of Ford when discouraged. He got his start unexpectedly—and late in life, as such things are measured.

Herd.

New Yorkers inspect a model of the moving sidewalk or platform, which probably will take the place of the subway "shuttle" under Forty-second street.

Why wouldn't it be practical to have such moving sidewalks in all cities instead of street cars, where traffic is congested? It'd be like an endless street car. Straphangers would at least get fresh air.

We'd probably have moving sidewalks if we hadn't gotten into the habit of using street cars. Precedent is the greatest obstacle to progress.

BIRTHDAY SURPRISE FOR WAVERLY WOMAN

Many relatives of Miss Lizzie Givens gave a big surprise for her 78th birthday. Relatives from New Berlin, Franklin, Waverly and Jacksonville came with well filled baskets and spent the day at her home in Waverly.

Those present were Mr. and Mrs. Lee Chilton, New Berlin; Sheriff Oyer Wright and wife, Jacksonville; Mr. and Mrs. Arthur Henderson and son, Howard Burch

and Mrs. Mary Vorbeck and sons of Jacksonville; Mr. and Mrs. Fred Burch and son, Mrs. Eliza Luttrell and Mrs. Mary Eliza Seymour of Franklin; Mrs. Eula Skeens, Mrs. Lee Hughes and Mrs. Ella Earls and son of Waverly.

All present enjoyed the many good things to eat and the hospitality of their host.

HAROLD GRANGE MOST TALKED OF PLAYER

Flashy Illinois Sophomore Has Done More for His Team Than Any Other Player in the West—Illini Meet Chicago Saturday

CHICAGO, Oct. 29.—The Western Conference football race this week reached the half way point with five teams still undefeated and with one man attracting more attention and concern than any other individual in the Big Ten.

This player, who probably has done more single-handed, to affect the conference standing than any one else, is Harold Grange, Illinois sophomore, who flashed into the football constellation of stars with the Indians' first game and has been gaining in brilliance ever since.

Grange part of the time almost unaided, has piled up 54 of Illinois' total of 83 points for the season or an average of more than two touchdowns a game for each contest played. His nine touchdowns and his consistent performance in every game have not only boosted the Indians' hopes for the championship but

INDIES LOSE LAST GAME OF SEASON

Fryman Walks Three in One Inning Forcing in One Run—DeFrate Stars in Game—Final Score 2 to 1

After winning the first two of a three game series with the American Legion team of Winchester, Smith's Indians went down to defeat by a score of 2 to 1, in a hotly contested game at that city, Sunday. Winchester presented a somewhat different lineup than in the two preceding games, played with the locals, having for Sunday's game some of the best players in Central Illinois, including Kinsella of the Bloomington Three Ill League, Ford of the Mississippi Valley League, Lair of the Pekin Fans and Fernandes and Lascoy of Springfield.

However with this strengthened lineup Winchester had no walk away as the Indians put up the same real brand of base ball they have been playing. DeFrate played a stellar game at third besides getting two hits, one of which went for three bases. Ruble also connected safely twice, one of his hits bringing in the Indians' run.

Both pitchers started off in real form and neither team was able to score until the sixth inning, when Wilson hit safely. Clark forced Wilson at second and scored when Ruble made a terrific drive to center field, which looked good for a homer but was cut down to two bases by some fast fielding on the part of Kinsella.

Winchester came back in the seventh inning and scored one run on Kinsella's two base hit, Lascoy's sacrifice and a single by Dunham. The last and deciding run came in the eighth when after Ford singled to left field, Fryman became unable to find the plate and walked three men in a row, forcing Ford in. Score:

AMERICAN CHALLENGER COLUMBIA LOSES RACE

HALIFAX Oct. 29.—The Bluenose of Lunenburg Canadian defender of the International Fishermen's Trophy, today defeated the American challenger Columbia of Gloucester in the first race of the series leading the challenger by one minute 20 seconds over a forty mile course off Halifax Harbor. The result was a surprise for the Bluenose won in what was generally conceded to be Columbia's weather—light variable winds. With the breeze making six knots at the start increasing to 7 later, the cumbersome Bluenose once more proved the truth of the fishermen's motto, that all things being equal the bigger boat is the better boat. The defender appeared to have the edge on the challenger on all points of sailing under the conditions obtaining but she was considerably lighter in ballast than when she defeated the Henry Ford off Gloucester last fall and seemed to handle better.

ILLINI START HARD WORK FOR CHICAGO

URBANA, Ill., Oct. 29.—Coach Bob Zupke started his Illini squad today on the crucial week of drill which will account for victory or defeat in the game with Chicago Saturday, the first in the new Illinois stadium.

Barring injuries in practice this week, Illinois will be able to put every man on the field that played against Northwestern with the addition of "Big Dick" Hall, regular tackle, and Cord Lipe, speedy substitute end, who were back in uniform today.

Crawford seems to be the heir to Brown's tackle berth. He was used opposite Hall. Ted Richards was used at end, but it is expected that both Lipe and Muhl will get a trial with the varsity before the week-end.

PILETTE'S SLUMP HIT TIGERS HARD

Detroit—Herman Pillette, of the Detroit Tigers, was the biggest pitching disappointment in the American League during the 1923 season. Counted upon to keep the Cobblers right up in the race, Pillette failed utterly to come through.

In his first year in the majors the Detroit pitcher completed the campaign alongside of Faber, Rommel, Shocker and Bush. His record was 19 victories and 12 defeats. He was a sensation, being the bestlooking youngster among the 1923 crop of hurlers. Great things were expected of him this season.

But Pillette fell down. And second he was only able to turn in 14 triumphs against 26 beatings. He lost more games than any other pitcher in the junior organization. True, many of them were low-score whippings but they counted as losses just the same.

At the start of the chase, Detroit was conceded to have an almost even chance to cop the pennant. Many critics considered it a sure bet. But illness and injuries, which turned the team into a misfit club, raised havoc and spoiled whatever chance the Tigers may have had to nose out the Yankees.

Pillette's failure to duplicate his 1922 performance also hurt the Tiger's efforts to lead the circuit to an appreciable extent. In fact, had the youngster displayed the same brand of ball as characterized his work last year, the team piloted by Cobb might have given the Huggins crowd a real battle for honors.

Pillette, however, is not to be considered as a "flash in the pan." Far from it. No doubt the past season was just one of those "off years" that crop out in a pitcher's career every now and then. Next year may tell a different story. Cobb thinks so.

GIANTS AND SOX TO TOUR NEXT YEAR

CHICAGO, Oct. 29.—The New York Giants and the Chicago White Sox plan to engage in another exhibition tour preliminary to the opening of the 1924 season. Harry Grabner, secretary of the White Sox left tonight for New York to complete the arrangements. Grabner said that playing the Giants, instead of local teams in the south, furnished a better line on the recruits.

A NEW GIANT?

NEW YORK.—John McGraw is satisfied that the Giants must add battery strength if the club is to again win the pennant in the National League. Pitching is badly needed and the catching department is one too strong. Both Gowdy and Snyder, veteran backstops, have passed the peak of their game. In an effort to bolster up the catching McGraw, according to report, has signed Eddie Ainsmith. Near the close of the season Ainsmith was released by the St. Louis Cardinals and was picked up by Brooklyn in the final stages of the race. Being a free agent he was able to dicker with McGraw.

ANNUAL MATCH RACE?

New York—A race between the champion three-year olds of England and America, such as the recent meeting between Zev and Papyrus, will probably be a regular feature, according to local turf officials. It is also planned to enlarge the scope of the race to include three-year-old champions from France and other countries.

Miss Madge Nicholas, public health nurse in Franklin county, was a visitor in Jacksonville on Sunday. Miss Nicholas was formerly in the public health department of this city and was on her way to attend a convention of the State Tuberculosis association, which is being held in Springfield.

MANY SURPRISES IN EASTERN FOOTBALL

NEW YORK, Oct. 29.—Two outstanding surprises marked the opening of the last half of the football season Saturday—Dartmouth's decisive defeat of Harvard and Carnegie Tech's victory over Pittsburgh. Two hundred and twenty thousand spectators witnessed six eastern games and the pigskin season was welcomed with no lack of enthusiasm in other parts of the country.

Coach Jesse Hawley of Dartmouth was the hero of the Green's triumph over an eleven supposed to be far superior. It was the Crimson's third victory over the Green in 12 games since 1903. The east gained a slight advantage in the inter-sectional contests which were featured by the stubbornly fought game between Boston College and Marquette, in which the latter triumphed.

Other feature games were Pennsylvania's defeat of Centre, 24 to 0; Williams' third successive triumph over Columbia, 19 to 0, and three battles which ended in tie scores: Penn State and West Virginia 13 to 13; Princeton and Navy 3 all and Rutgers and Lafayette 6 all.

Dartmouth now ranks as one of the four eastern eleven that has defeated all opponents. Dartmouth's goal line has not been crossed.

Mutch having been filed in the office of the Clerk of the Circuit Court of the County of Morgan in the State of Illinois, notice is hereby given to the said Charles G. Sooy, the said John D. Sooy, the said Nettie B. Stevenson, the said Aileen Mutch, the said Helen Mutch and the said Cecile M. Mutch that the complainant in the above entitled cause, George O. Sooy, has filed his bill of complaint in the office of the Clerk of the Circuit Court of the County of Morgan, in the State of Illinois, against them as defendants in said cause; that a summons has been issued out of said Court against them returnable on the second Monday of November, A. D. 1923, commanding them and each of them, to appear in said Court at that time at the Court House, in the City of Jacksonville, in the County of Morgan, in the State of Illinois; and that said cause is still pending and undetermined in said Court.
Witness, F. B. Wasmaker, Clerk of said Court and the seal of said Court this 9th day of October, A. D. 1923.
F. B. Wasmaker
(seal)
Clerk of said Court.
Carl E. Robinson,
Solicitor for Complainant.

IOWA PREPARING FOR MICHIGAN

IOWA CITY, Iowa, Oct. 29.—With four regulars out of the lineup due to injuries, Coach Howard Jones started preparing his team tonight for the clash with Michigan here on Saturday. The first measure taken was to close the gates of Iowa Field to everyone, including sports writers. This was done the week before the Illinois game but last week the ban was lifted as far as newspaper writers and letter men were concerned.

The Hawkeye mentor put his squad thru a short limbering up practice tonight and followed with a light signal drill.

Captain Glenn Miller was out in uniform but did not participate in the practice.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Adv.

GETTING TOO FAT?

TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tire-some exercise. Adv.

CUTICURA HEALS PIMPLY RASH

On Daughter's Face, Hands and Arms. Itched Badly.

"A red, pimply rash broke out on my daughter's face, hands and arms. Later the pimples filled with a watery fluid which dried and scales formed. The pimples itched and burned so badly when they first broke out that she scratched them, making them worse. Her clothing irritated the breaking out, causing much suffering and annoyance.

"We began using Cuticura Soap and Ointment and after first application they relieved the itching. We continued using them and in one month she was healed." (Signed) Mrs. V. L. Davis, Cors, Mo.

TO RELIEVE PAIN AND BACKACHE

Women May Depend upon Lydia E. Pinkham's Vegetable Compound

Minneapolis, Minn.—"I had heard so much about Lydia E. Pinkham's Vegetable Compound that when I realized I needed to take something to relieve my pains and backache, and to help build me up I began to take that. I had been sick off and on for years and barely weighed a hundred pounds, but now have had such good results that I am recommending the Vegetable Compound to everyone."—Mrs. J. J. BIERER, 2829 18th Ave. South, Minneapolis, Minn.

Finds a True Friend

"Every woman who values her health should be proud to have a true friend like the Vegetable Compound," says Mrs. W. E. Shaw, 3227 Walnut Street, Chicago, Illinois. "I had female weakness so badly that I could not stand on my feet. Half of my time was spent in bed and I had pains in my back which were unbearable. I tried everything I could think of to help myself, and when a friend advised Lydia E. Pinkham's Vegetable Compound I began taking it at once. I recommend it without hesitation."

Market Report

By The Associated Press

STOCK PRICES ARE SLIGHTLY ON RISE

FINANCIAL.
Total stock sales 642,100 shares.
Twenty Industrials averaged 86.20; net gain 44.
High 1923: 105.38; low 80.76.
Twenty railroads averaged 80.52; net gain 21.
High 1923: 90.51; low 79.53.

NEW YORK, Oct. 29.—Stock prices started for higher ground late today after an early period of heaviness, which was generally attributed to selling based on speculative disappointment over France's refusal to consider a reduction in her reparations claims against Germany. Short covering operations inspired by a bullish demonstration in Du Pont a good investment demand for some of the rails was largely responsible for the rally.

When the market opened there was a fair sized accumulation of week end selling orders, the execution of which gave the market a reactionary appearance. Studied bakers and American can were rather sharply depressed but other pivotal stocks held relatively firm. Trading was quiet on the decline but around the noon hour a covering movement set in and was accelerated by the receipt of cables indicating a more cheerful interpretation abroad of the latest developments in the reparations situation.

Prices made a good response to this buying with special strength displayed by the shippings, chain store and merchandising issues and a few selected rails.

Brokers' loans on stock collateral were estimated today at \$1,325,000,000 a drop of \$50,000,000 from the month and \$675,000,000 below the high mark reached last February.

The first 35 railroads to report their September earnings showed a combined net operating income of \$51,295,000 as against \$55,986,000 in August and \$27,426,000 in September of last year.

Active U. S. government bonds declined sharply, running from 4-32 to 10-32 of point. Total sales (par value) 610,414,000.

GRISWOLD FUNERAL AT WHITE HALL TODAY

Prominent Resident of Greene County Passed Away Sunday Morning After Long Illness.

White Hall, Oct. 29.—Seth N. Griswold, patriot, financier and philanthropist, is dead, but his works will follow him as long as a local civilized community endures. His death followed nearly two and a half years that of his wife. Together they launched the philanthropic enterprises that have made their names immortal.

At 11:30 P. M., Monday Mr. Griswold suffered a stroke of paralysis, from which he never rallied, and the end came peacefully at 1:06 A. M., Sunday, Oct. 28, 1923. Since the death of his wife he had made his home with Mr. and Mrs. Marcus North on West Franklin street, where he was happily situated among people who were genuine friends.

After the death of Mrs. Griswold the settlement of her estate devolved upon Mr. Griswold and the homestead on North Main street, including the residence and five acres of most valuable ground, was sold to the district board of education for the site of the then proposed new high school. In the transaction Mr. Griswold gave the entire premises for \$10,000, and then turned \$1,000 in cash back to the school treasury. The new high school, like the library which he built, were practically ready for dedication when the death of the community's leading benefactor prevented witnessing a display of something of the gratitude of the community for what he had done.

Seth N. Griswold was born on Apple Creek Prairie, three and a half miles southwest of White Hall, January 16, 1843. His parents were Edgar and Lucy North Griswold, who settled on the home farm in 1840, the year of their marriage, and the farm was still in the possession of our subject at the time of his death. It is occupied by Edward Dunphy.

Mr. Griswold came from pioneer parentage on both maternal and paternal sides. He grew up on the home farm and attended the Maple Grove district school. Among his teachers were W. C. Chapin and John P. Hunt. It was at the suggestion of Mr. Chapin that Mr. Griswold took his middle name, that of North. Mr. Griswold had not attained his majority when the family moved to the Greenfield vicinity and were afterward located in Macou-

pin county, and again located on the home farm after an absence of a few years.

During the Civil War Mr. Griswold became one of the hundred-day men who enlisted in 1864. His enlistment was at Quincy, Illinois, with Company D, 137th Illinois Infantry, on May 4, 1864, and speaking of the valuable services of these hundred-day men, Governor Yates' last annual message brings out oints hitherto little known, in which he recalled the order of President Lincoln, returning the thanks of the government and the nation for the service rendered, according to the full measure of praise to them, "as our supporters and defenders in the rear, to which the regular reserve force of large armies are always entitled."

"Twas in the Sixties,
And war was in the air;
He joined the army.
He felt his place was there.

Upon his return from the army he remained at home until 1869, engaged in the cattle business. In 1869-70 he spent in Kansas in the farming business. In 1871, after his disposal of his Kansas interests, he again located here, and on December 11, 1871 he and Miss Ettie Whiteside were married. She was the daughter of Levi T. Whiteside and Jane

Smith Whiteside. All their married life of nearly fifty years was spent in White Hall, and they entered into the life of this community in an enduring way, and it is not likely that any couple held such affectionate regard for their home people.

In 1907 Mr. and Mrs. Griswold announced their intention to provide a park for White Hall. On June 25, 1910 this park was dedicated as Whiteside Park. It has since been enlarged with additions and additional donations by Mr. and Mrs. Griswold until at her death on May 28, 1921, there stood what we now have in the boundaries of Whiteside Park in the heart of the city. Soon after her death Mr. Griswold began to formulate plans for erecting a memorial library in her honor. He had in mind a structure costing \$10,000 and not to exceed \$12,000. In September 15, 1922, ground on Whiteside Park was staked off for the erection of this library and three days later excavation work and laying the foundation was started. When Mr. Griswold died the structure was practically completed at a cost of \$30,000 there remaining only a few finishing touches. Here the remains will lie in state between the hours of 9 A. M. and 1 P. M.

Tuesday, Oct. 30, and to be viewed by practically the entire population of the community. A squad of soldiers from the American Legion will form a guard of honor about the building between these hours. At 2 P. M. funeral services will be held in the Presbyterian church, the discourse being delivered by Rev. Arthur F. Ewert of Chicago. The interment will be in the White Hall cemetery.

Mr. Griswold was of a family of eleven children, of whom the only survivors are a brother, Damon Griswold, of Blue Mound, Illinois, and a sister, Mrs. T. M. Meek, of Rockbridge, Illinois. He became identified with the White Hall National Bank on its organization in 1904 and was president at the time of his death. He was also interested in the Rockbridge Dam. These enumerations of his business connections and philanthropies by no means constitute a full record of his life work, but are an index to a life possessing a rare community mind and performing the kind of services that will keep his name with a freshness on the minds of present and future generations.

TELEPHONE TALKS

To get the best out of telephone service there must be co-operation among subscribers, as well as between the Company and subscribers.

The person calling should:

Be ready when the person called answers.
Speak in a well-modulated tone—not too loud.
Speak distinctly, with the lips close to but not touching the mouthpiece.

The person called should answer promptly. Both should avoid long telephone conversations, which result in busy signals to other subscribers who may want to get one or both of these telephones.
